1. Survey

- 1.1 Board of directors and organization : Sole shareholder of OAD B.V. is OAD Groep B.V. of which OAD Groep Holding B.V. is the only shareholder. Managers of OAD B.V. are Mr. J.G. ter Haar, Mrs. Q.F. ter Haar and OAD Groep B.V. The managers are jointly authorized (with other managers). **The legal organizational structure (organogram) as at 1 September 2013, provided by the bankrupt companies, has been annexed to this report.**
- 1.2 Profit and loss : Consolidated
Loss of € 3.006.000,00 in the financial year 2011/2012
Loss of € 21.576.000,00 in the financial year 2010/2011
- 1.3 Balance sheet total : consolidated
€ 74.293.000,00 as at 31 October 2012
€ 81.602.000,00 as at 31 October 2011
- 1.4 Legal proceedings : No current legal proceedings.
- 1.5 Insurances : All insurance policies are in the name of OAD Groep Holding B.V., which is not in a state of bankruptcy, or in the name of Oad Groep B.V..Policies covering the present bankruptcy have been or will be cancelled. A possible return of premium will be added to the estate. Required insurance policies (business premises insurance) will be maintained.
- 1.6 Rent : Not applicable
- 1.7 Bankruptcy cause : According to the managers the bad economic conditions and the consequent decline in sales are the main causes of the bankruptcy. The immediate cause of the bankruptcy is the cancellation of the credit agreement by the bank. The bank requested an extra capital injection under a number of conditions. The shareholders were unable to meet this request (in time). According to the managers the means for this capital injection were available but failed to provide the possibility to also meet the sudden demand from a creditor for a bank guarantee. When the bank cancelled the credit agreement, the managers had no other possibility than to file a petition for bankruptcy of Oad Groep B.V. and its subsidiaries. Other parties involved in the bankruptcy mention other causes for the bankruptcy. After the investigations to be carried out by the trustees an analysis will be made of the causes of the bankruptcy.

- 3.2 Sale proceeds :
- the business premises at 2 Breukersweg in Goor: € 2.000.000,00. The deed of transfer is expected to be executed on December 2, 2013. **The transfer took place in the period under review. The sale of the various premises has been started.**
The trustees are busy to find temporary occupants/users for the premises not sold so far, in order to reduce the risk of (for instance) burglary, deterioration and /or vandalism. Besides the marketability of the objects will increase when they are used or occupied. In the meantime negotiations are going on with a number of reputable parties offering their services in the field of vacancy management. As regards the building and planting right there is a discussion with the owner of the parcel of land on which the covered pick-up place is situated as to whether the building and planting right has ended which would mean that the covered pick-up place has become property of the latter party. The trustees contest that the building and planting right has ended.
- 3.3 Mortgage amount :
- A right of mortgage has been granted to Rabohypotheekbank N.V. and Coöperatieve Rabobank Enschede-Haaksbergen U.A. to an amount of € 32.500.000,00.
- The trustees repaid the bank from the proceeds of the restarted units of the Oad Groep. Consequently the proceeds from the immaterial property shall go to the estate.
- 3.4 Contribution towards the estate :
- Depending on the result of the discussions with the bank about securities, discussion will have to be held with the bank about the contribution to the estate. Correspondence and discussions with estate agents,**
- Activities in the period under review :
- valuation surveyors and parties in the field of vacancy management.**

Activities in the period under review :

4. Accounts receivable

4.1 Amount : **During the period under review the investigation regarding the possibility to collect debts has been started. Within this scope the data required for a proper collection of the (digital and physical) records are secured (see issue 7.1 of this report)**

4.2 Proceeds : Not yet known

4.3 Contribution towards estate : **Depending on the outcome of the issue referred to in 5.1 (further) arrangements will be made about a possible contribution to the estate.**

Activities in the period under review

Discussions with former employees of Oad, financial department. The activities regarding securing the records are stated under item 7.

5. Bank/securities

5.1 Claims from bank(s) : Rabobank (concern financing), € 11.912.089,00 on bankruptcy date. The trustees repaid the bank from the proceeds of the restarted units. Other proceeds will be released. At a later time the obligation to contribute of the individual Oad companies and possible rights of recourse will be considered. The legal validity of the claims and securities of the Rabobank will be examined.

The aforementioned examination is still running. Various items regarding securities still require clarification which means that the trustees have not yet been able to acknowledge the securities. The Rabobank and the trustees still have to agree on how and if these obscurities can be solved or eliminated.

5.2 Lease contracts

: Not applicable

5.3 Description of the securities

5.7 Right of recovery : Not applicable

5.8 Right of retention : Not applicable

Activities during the period under review

An extensive investigation was carried out into the legal effectiveness of the securities of the Rabobank. Because of the size of the (credit) facility and the diversity of securities requested, the credit facility and securities are based on a voluminous file. Besides there has been extensive correspondence between the trustees and the Rabobank.

6. Restart/continuation

No activities of OAD B.V. were restarted or continued.

6.1 Commercial : Not applicable

operation/securities

6.2 Financial recording : Not applicable

Activities during the period
under review

7. Lawfulness

7.1 Accounting : Art 2:10 Civil Code. The management is obliged to keep the accounts showing the rights and obligations of the legal entity at any time. Whether this obligation was met will be investigated by the trustees.

During the period under review an internationally operating office with forensic accountants has been order to carry out a “quick scan” of the way in which the accounting records were kept. Before this “quick scan” can be carried out the physical and digital records have to be secured.

Physical records

At different places in the premises in Holten a considerable amount of records were found, comprising among other things financial records, management information, annual accounts, minutes but also detailed (project) records of certain departments of Oad c.s., like Group Travel, Sports & Incentives, Disney, etc.

Apart from that there is a large quantity of records stored in the premises in Holten (e.g. “Oad files” and management files). As the trustees cannot assess at this moment which files are or may be relevant in the winding-up it has been decided to keep most of the files and to ensure that the relevant records can be traced easily and fast. It has been established that there is a large quantity of material to be archived, which makes storage and indexing a complex task resulting in high costs. The trustees asked three parties to make a quotation for securing, indexing and storage of the records.

Finally, Vada Archieven B.V. in Nijverdal was given the order to carry out these activities. As regards the indexation the trustees will receive a list stating the file and location (file spine/file name). Photographs will be taken of the arrangement of the record as it was so as to be able to reconstruct the location of the records (which room/ where in the room/cabinet).

In this way the trustees try to secure that relevant records can be traced back. Furthermore the trustees made arrangements with Vada Archieven B.V. about consulting the archived information either at Vada's or by (digital/physical) forwarding the relevant documents.

Digital records

Furthermore the trustees are busy securing the digital records of Oad c.s. This is important for collecting receivables, invoicing work in progress (in as far as not done) and for regular examination of the records. In order to map the ICT infrastructure a session was convened with 1) a representative of the trustees, 2) 3 former Oad ICT employees and 3) forensic accountants who will make a back-up of the digital records for the trustees. During those discussions it appeared that the ICT structure and infrastructure is rather extensive and complex which is among other things due to the fact that different systems (partly self-made, partly packages available on the market) were/are used and linked. Another aspect is that the server park is partly located in the premises in Holten and partly with an external party in Enschede.

As it is not clear so far which data are relevant for the winding-up, it has been decided to divide the process in stages. During stage 1 the data are only secured. In stage 2 essential business information, like e.g. the financial records, will be made accessible for consultation.

During the following stages relevant data can be disclosed and consulted in as far as may be necessary. Securing the data (and viewing the data during the next stage) will lead to high costs considering the complexity and size of the system and data. However, since a proper settlement of the bankruptcies is important such investment will be necessary.

7.2 Filing of the annual accounts (publication requirements)

: The Financial year of Oad runs from 1 November to 31 October. From the online trade register of the Chamber of Commerce it appears that the consolidated accounts for the Financial year 2010-2011 were filed by the OAD Groep Holding B.V. on the 6th of December 2012. That means the legal term was exceeded by 6 days.

- In administrative justice such exceeding is not considered mismanagement which is considered an important cause of the bankruptcy. The annual accounts of the financial year 2011-2012 had not been published at the time of the bankruptcy order. The trustees examine whether the legal publishing term for the annual accounts 2011-2012 has been exceeded and if so what would be the consequences.
- 7.3 Unqualified audit opinion : As regards the annual accounts for the Financial year 2010-2011 an audit report was issued by an independent auditor. As regards the annual accounts for 2011-2012 no audit report had been issued by an independent auditor at the time of the bankruptcy order.
- 7.4 Compulsory payment on shares : The trustees will investigate whether the paying up commitment has been fulfilled.
- 7.5 Mismanagement : The trustees will investigate whether the managers failed to properly fulfill their duties and if so, whether it may be assumed that this was an important cause of the bankruptcy (as referred to in article 2:248 Civil Code), or whether the managers may be considered responsible otherwise. The trustees will carry out the usual investigations within the framework of the bankruptcy. In view of the size of the company and the interests involved in the bankruptcy, the trustees will engage forensic accountants and external lawyers in their investigations. It is to be expected that the investigations will take quite some time.
- As mentioned above to 7.1., an external office has been ordered to make a "quick scan" of the way in which the records were kept. At the same time an external firm of lawyers has been engaged to carry out an investigation into the cause of the bankruptcies.**
- 7.6 Fraudulent acting in respect of creditors : The trustees will investigate whether there have been legal actions which may have damaged one or more creditors. If necessary, such legal actions will be nullified by an out of court statement. **This aspect will be incorporated in the examination of the records.**
- Activities during the period under review : **Correspondence, discussions and coordination archiving companies, former Oad ICT employees (for making an inventory), forensic accountants (for making a back-up).**
- 8. Creditors**
- 8.1 Claims against assets : UWV claim against the assets(not yet known), various claims against the assets in respect of energy costs, Insurance costs, etc. The total amount is not yet known.

- 8.2 Pref. tax receivable : **A tax consultant, practicing in the office of one of the trustees, mr. G.W. Luesink, is busy establishing the fiscal position of the companies in consultation with the tax authorities. There is a dispute about the question as to whether one or more of the bankrupt companies enjoyed tax deductible training. Furthermore it should be examined if there is a claim for turnover tax abroad. Besides aspects regarding corporation tax still have to be examined.**
- 8.3 Pref. claim UWV : The UWV has not yet submitted its claim.
- 8.4 Other pref. creditors : As far as known there are no other preferential creditors.
- 8.5 Number of ordinary creditors : The books of OAD B.V. do not show any ordinary creditors.
- 8.6 Amount ordinary cred. : **So far there is no list of claims from creditors. The claims submitted in all OAD companies, over 10.000, are sorted and listed. Besides the claims are summarily checked if they are claims on a company in which a payment can be expected. The trustees expect they can give a preliminary review of all claims submitted and the respective amounts in the next report. The trustees consider it too early to make an interim list because, considering the fact that many claims still have to be assessed, this would give a wrong picture of the number and amount of the claims submitted. For activities connected with creditors, two employees have been engaged for a period of 6 months.**
- 8.7 Will it be a closure : No
- 8.8 Simplified settlement : Probably not
- 8.9 Will there be a distribution to ordinary creditors : At this stage it is not yet known whether a distribution to ordinary creditors is possible. Based on the currently known information, the trustees come to the conclusion that a distribution to the ordinary creditors is not excluded.
- Activities during the period under review : **Discussions and correspondence with the tax authorities. A lot of correspondence and telephone discussions took place with the creditors.**

9. Other issues

- 9.1 Winding up the bankrupt's estate. : The winding up of the OAD estates is expected to take some years.
- 9.2 Approach : Sell immovable property, carry out the usual investigations in bankruptcy matters.
- 9.3 Next report : **July 1, 2014**
